About The Opportunity

Protocase is on a rapid growth curve. We are looking for new talent to help expand it, including **entry-level Mechanical Engineers** for our **Research & Development Team**.

We are hiring highly-motivated engineers who hold a degree in mechanical engineering (or a related discipline), and also enjoy being hands-on with things technical. The ideal candidates should be a flexible thinker with excellent problem-solving skills. Above all else, you should have a passion for machinery and making things.

Protocase's entire business model is built around rethinking custom manufacturing in order to remove as much of the craft aspect as possible, and replacing it with well thought-out, repeatable processes. The end result is our customers get highest quality parts in an extremely fast 2-3 days. As a Protocase mechanical engineer, you will be responsible for carrying out a variety of projects that will increase the team's productivity and capabilities.

In this role, you will be responsible for a variety of duties:

- Analyzing our stream of work, through process and business metrics, examination of jobs, and by direct observation on the plant floor
- Using your analytic skills and creativity to identify patterns in our stream of work, and come up with process improvements to innovate in order to increase quality and productivity
- Improve existing production stations
- Choose, install, commission, development processes, and integrate new machinery into our work flow

Essential Skills:

- A degree in Mechanical Engineering (or related discipline)
- 2-5 years' experience in an engineering role or similar (we will provide on-the-job training)
- Passion for hands on work with machinery and making things
- Experience and knowledge of manufacturing and/or CNC machining is an asset
- Strong analytic skills, flexibility of thinking and problem solving
- Ability to work with others to successfully steer projects to implement process improvements

About the Benefits

In exchange for your hard work and dedication, you will be rewarded with a competitive salary based on your experience level, ranging from \$42,000 to \$76,000. You'll also receive a variety of benefits, including:

- Medical, Dental, Life Insurance, Group Insurance Benefits, and Pension Plan (after six months)
- Two weeks' annual vacation to start (three weeks' at three years; four weeks' at five years)
- Company Pension Plan (after six months)
- Regular social events, including go-karting, golf tournaments, and seasonal parties

Although our business is growing, our team remains supportive, inclusive and tight-knit. Continuous improvement has always underpinned our success and we actively foster an environment of open communication, creative collaboration and the sharing of ideas.

How to Apply:

- By email – employment@protocase.com
- In Person – 46 Wabana Court, Sydney NS from 9:30AM-4:30PM, Monday through Friday
