About Protocase

Established in 2001, **Protocase Inc** is a rapidly expanding company that focuses on combining advances in software with advanced manufacturing techniques to offer unique custom manufacturing to the engineering, design, and research industries. Using the expertise and dedication of 216 employees (and counting), Protocase is proud to have a client base of more than 14,000 customers throughout North America and around the globe. Customers include **Boeing, L3, Raytheon, Google, Apple, Microsoft, NASA, MIT** and many more.

To learn more about the company, visit <http://www.protocase.com>.

About the Opportunity:

Protocase is currently seeking **part-time Mechanical Engineering Technologists** to join its **Engineering and Design Services team** in **Sydney (Cape Breton), Nova Scotia**.

Our customers – engineers, scientists and designers from the upper echelon of innovation and science – depend on Protocase to manufacture custom sheet metal products from scratch that meet their design specifications, all within our signature 2-3 day turnaround time. As a Mechanical Engineering Technologist, you will assist in **preparing manufacturing buildsheets** based on customers' designs so that they can be efficiently and accurately manufactured within our facilities.

As with all Protocase employees, the successful candidates must be focused on our customers, who depend on us to accurately and efficiently manufacture quality custom products. Attention to detail and diligently following procedure is an absolute must.

We provide full training to our new team members. If you have the right aptitude and attitude, with a keen desire to learn and immerse yourself in our processes and procedures, you will be a great fit!

This is part-time role that would be perfect for university students. Shifts will be scheduled for evenings and weekends, up to 20 hours per week.

Essential Skills:

- Knowledge of computer-aided design (CAD) software (specific experience using SolidWorks would be considered a major asset)
- Solid understanding of 3D modeling environment
- Keen attention to details
- Excellent oral and written communication skills
- Critical thinking and problem solving
- Excellent time-management and organization skills
- Dependability
- Focus on client satisfaction
- Criminal background check

About the Benefits:

Besides the potential to earn an hourly wage that ranges between \$20 and \$28 (20 hours per week), you will also enjoy the following benefits:

- Regular social events, including team lunch & learns and staff parties
- Discounted tickets for Highland Arts Theatre productions
- Access to Protocase Skybox Suite for Screaming Eagles hockey games, as well as tickets for Highlanders Basketball, Boardmore Theatre and Celtic Colours International Festival

How to Apply:

- Email your resume to employment@protocase.com (Please be sure to specify “**Part-Time Mechanical Engineering Technologist**” in the subject line)
- Drop off your resume at our main building – 46 Wabana Court in Sydney, NS, between 9:30 AM and 4:30 PM
